CLEAN THE CLEANERS

Car owners have a way of forgetting that cleaners have their limitations, that they will pick up just so much dirt. At least once a year, the cleaners should be cleaned or, in the case of the non-cleanable types, filtering elements should be replaced.

I Must Get a Man

at once in this community to work with our District Manager. Must have a car and be over 25 years of age. The work is essential in increasing food production advocated by the Department of Agriculture. Permanent work, good pay for man who has lived on ranch. Write Box U, care this paper.

EDUCATION GROUP MEETING SLATED AT NOON TODAY

The regular monthly meeting of the Torrance Educational Advisory Committee will be held Thursday, Feb. 19, 1948 at 12:15 p.m., Daniels Cafe, 1625 Cabrillo avenue.

Those unable to attend are asked to kindly notify alternates, J. Henrich Hull, superintendent, Torrance City School District, said.

TOWNSEND MEETING

Entertainment, dancing and refreshments will highlight the birthday meeting of the Townsend Club Feb. 20, according to J. Sellers, president.

FASHION FROM ROME—Italian couturiers are competing for the world market in latest fashions, with many creations, it is said, priced far below Paris quotations. In Rome, this model wears a daintily low-cut strapless gown of white satin with a sweeping, ostrich-feather-trimmed peplum. Both bodice and peplum are dotted with beading.

POWER FOR STARTING

Many car owners claim that they have plenty of power in their engines to start in high gear on the level. They overlook the fact, however, that there is not so much power in the clutch. The old rule still holds that the clutch slips slightly even when starting in low, more in second, and still more in high gear. This slippage invariably results in clutch wear and is to be avoided as much as possible.

Teachers Study Plans For Insurance, Extension Work

At the Torrance Education Association recently at the Torrance Elementary School auditorium, Superintendent J. Henrich Hull gave a brief survey of the proposed plans for adequate school facilities to accommodate the anticipated increase in population due to the many new housing projects now under way in the Torrance area.

President Darrel H. Slocum presided at the meeting and called on the various committee chairmen for reports.

Mrs. Lorine Douglass, chairman of the Committee on Professional Welfare, stated that a course in primary methods will be offered by the University of California in Los Angeles in Torrance, March 1 through May 24 on Mondays from 8:30 to 6:00 p.m. It is necessary that fifteen persons register for this class, and many teachers have expressed enthusiastic approval of such a course as it will save many hours of travel and enable Torrance teachers to secure the necessary credits for credentials. W. H. Clinkenbeard was appointed chairman of a committee to investigate extension courses needed by the association so as to set up an education program for next year.

Lester Clemons was appointed as chairman of a committee to investigate the possibility of a teacher's credit union for the Torrance Education Association. Lester Foster was appointed as chairman of a committee to recommend teachers' institutes for this area which would be pertinent to the needs of the teachers in this community.

George Marich, chairman of the salary committee, stated that it was suggested at the T.E.A. executive board meeting that the salary committee be made up of representatives from each group in the organization together with Superintendent Hull and Assistant Superintendent Emmett Ingram and a member of the school board.

Miss Doris Lindsay, who attended the salary sub-committee of the California Teachers Association on Jan. 17, 1948, gave a report of this meeting. She said it was brought out

that a salary program should be a "we" program, with classroom teachers, administrators and boards working together.

Miss Mary Leech, chairman of the committee on health and safety, reported that a sufficient number of personnel have planned to participate in a health insurance plan which has been offered to the Torrance Education Association. This plan would go into effect on March 1, 1948.

Mrs. Seena Benstead, chairman of the social committee, stated that the plans are under way for a social evening for the Torrance Education Association during the month of February.

The building representatives for Torrance Junior High, Walteria and Perry Avenue schools reported a 100 percent membership in the Torrance Education Association, California Teachers Association, and National Education Association. Fern Avenue School has 100 percent membership in the Torrance Education Association and California Teachers Association.

As a result of prevailing Disease Prevention Week activities, hundreds of persons have been alerted to utilize services offered by private physicians, dentists and public health agencies, is the statement of Dr. Henry C. Smiley, Torrance district health officer.

With only a few days remaining before end of the observance on Sunday, Feb. 22, he expressed hope that the objectives of the program will be maintained throughout the year to come.

Conducted by the Community Health Association, the program has received widespread backing from women's clubs, social and welfare agencies, the city and county health departments and other groups.

Dr. K. H. Sutherland, assistant Los Angeles county health officer, is one of the speakers for the Disease Prevention Week luncheon.

For the first time in its 33 years of history, the National Orange Show at San Bernardino will sell oranges this year—by the bagful.

The show dates are March 11 through March 21. In past years, mouth-watering patrons left the Orange Show, where annually are exhibited California's choicest citrus fruits, amazed by the fact that nowhere on the exposition grounds was there a single orange for sale or to eat.

At the 1947 exposition the Orange Show installed the world's largest juicer and sold more than a glass for each of the 287,000 persons who attended the exhibit. And this year, recognizing the demand of the show's patrons, the exposition will sell fruit in seven-pound mesh bags—enough for the family. Stands will be set up on the grounds and, it is anticipated, 25,000 bags or more of oranges will be distributed.

Features of the home include: Corner lot; 1313 feet of floor space; three bedrooms or two bedrooms and den; two baths (both tile floors and walls); fireplace; clear oak hardwood floors; two-car garage.

OIL WELL ABANDONED
The United States Royalty Oil Corporation's oil well in section 23, township 4 south, range 14 west, in Torrance field No. 1, known as Peso, has been abandoned according to the California Department of Natural Resources.

The Torrance Area Youth Bands will have a public showing next Sunday afternoon, Feb. 22, of the home just completed at 1521 Elm avenue, built by the parents of the band students as a means of raising money for the organization. Profits from the sale of the home will be used for expenses and the purchase of instruments and uniforms.

The Kirkham Magician show will be presented at Torrance High School Tuesday, Feb. 24 at 8:00 p.m. by the Torrance High School faculty. The show will be a benefit performance.

Kirkham was the assistant to Blackstone, one of the world's finest magicians in the United States. The acts to be presented consist of cutting a lady in half with a buzz saw; causing a lady to vanish; pulling rabbits out of hats and many other exceptional feats.

Tickets will be 50 cents for adults, 35 cents for high school students and 25 cents for junior high students.

Evening school will be closed next Monday evening due to the George Washington's birthday anniversary observance.

Faculty Will Present Show

The Kirkham Magician show will be presented at Torrance High School Tuesday, Feb. 24 at 8:00 p.m. by the Torrance High School faculty. The show will be a benefit performance.

Kirkham was the assistant to Blackstone, one of the world's finest magicians in the United States. The acts to be presented consist of cutting a lady in half with a buzz saw; causing a lady to vanish; pulling rabbits out of hats and many other exceptional feats.

Tickets will be 50 cents for adults, 35 cents for high school students and 25 cents for junior high students.

Evening school will be closed next Monday evening due to the George Washington's birthday anniversary observance.

Arts, Crafts Class Starts

A new evening school class will start next Tuesday at the Torrance High School in arts and crafts. Mrs. Gertrude Howell has been obtained to open the class and will meet her group in Room 208 starting at 7 p.m. The class will operate two hours each Tuesday and Thursday evenings, if the demand for the class is sufficient.

A group of 15 students must be enrolled to maintain the class and new registrants will be received next Tuesday evening, it was said.

Evening school will be closed next Monday evening due to the George Washington's birthday anniversary observance.

Evening school will be closed next Monday evening due to the George Washington's birthday anniversary observance.
